ISMAIL BELKHIRI

FRONTEND DEVELOPER

ABOUT ME

I'm a self-taught frontend developer with a real passion for building clean, responsive interfaces. Still early in my journey, but I put everything into every project — whether it's writing solid HTML & CSS, adding life with JavaScript, or designing visuals that actually look good. My goal is to grow into a full-stack developer, and I'm working towards it every day.

TECHNICAL SKILLS

HTML & CSS ●●●●●	CORE	JavaScript ●●●●●	CORE
Bootstrap ●●●●●	FRAMEWORK	Tailwind CSS ●●●●●	LEARNING
PHP ●●●●●	BEGINNER	SQL ●●●●●	DATABASE
Responsive Design ●●●●●	UI/UX	UI/UX Basics ●●●●●	DESIGN

EDUCATION

Web Development Training Centre de Formation Atlantique, Oujda	2023 – 2024
Intensive practical program covering frontend and backend web development fundamentals.	

EXPERIENCE

Frontend Intern Barid Cash, Agence de Boudenib	Jan 2026 – Jun 2026
6-month internship building three internal mini-projects: a Frais (fees) module, a Réclamation (complaints) system, and an Ajouter Clients (add client) feature.	
Frontend Intern CHU Mohammed VI, Oujda	Apr 2025 – Jun 2025
Built a Task Management App for hospital staff — responsive UI, task assignment and tracking across departments.	
Frontend Intern Barid Cash, Oujda	Jun 2024 – Sep 2024
Built a bilingual (Arabic/French) Queue Management System with real-time waiting times and instant ticket generation.	

CERTIFICATES
